1. Open the MaaS360 App.

2. Select Settings.

3. Select the Menu button. Then select “Remove MDM Control.”

4. This step will remove all Booz Allen data from the device. Select OK.
Android MDM Removal Instructions

Endpoint Engineering

*Optional Steps. You may also now uninstall MaaS360, Cisco AnyConnect, and Touchdown.

5. Open the Settings app and then scroll to ‘Apps.’

6. Select the app you want to remove.

8. Repeat steps 5-7 for MaaS360 and Cisco AnyConnect.

7. Select ‘Uninstall.’
